

Ben's Boxes

At this difficult time we need to think 'outside of the box' and we will be starting up a **new food distribution service**, for those people not wanting to visit the big super markets or can't order online.

How will this work

We will supply fixed price 'boxes' (£10), of different categories; Fruit & Veg, Dairy & eggs, General provisions and a Mixed box; *(Bacon, sausages or cooked meats added on request)*

'Boxes' can be bought from the café during normal opening hours (carry to car service available) or ordered and delivered directly to your door on Wednesdays

For illustration purposes
Contents will vary
according to availability
(returnable crates will be sanitised prior to re-use)

If you think you might like to participate in this service please contact Ben on;
